BBF enjoyed yet another strong year in 2006 and we would like to thank members of our dedicated Board of Trustees and our motivated staff for all of the hard work they put in to ensure that each and every cent donated was put to the most efficient use possible. The figures for 2006 include 194 tractor trailer loads sent with a total weight of 3,416,405 pounds. This includes 1,784,568 bottles and tubes of medicines and 2,385,114 books sent to those in need. Many thanks also to our in-kind donors whose 2006 contributions were valued at $264,819,487. The value of product shipments for 2006 totaled $262,272,547. Many thanks also to the 948 new tsunami donors (31.7%) and the 272 new hurricane donors (19.9%) who have made additional cash gifts to BBF in 2006, continuing to support our mission beyond the single disaster which originally prompted their philanthropic compassion. Direct shipments in 2006 went to people in need in 52 countries. The value of medical donations was $189,721,560 and the value of educational donations was $74,470,571. Among our many reliable sources, our 33 Trustees, Advisory Trustees and Officers contributed greatly financially. They also provided valuable insight and support as well as leading BBF to new in-kind donors who provided invaluable supplies that have been shipped worldwide to aid those in need. BBF expanded our relationship with Crocs shoes, increasing the number of individuals who received this valuable donation.

Forbes Magazine, the national business periodical, listed Brother’s Brother Foundation as the only charity to receive 100% or higher rating in a special issue, 2007 Investment Guide Charity, December 2006. The issue lists 200 charities, rating them on how efficiently they collect and distribute donations. Brother’s Brother Foundation received 100% or higher rating in all three evaluating categories. The categories assessed were charitable commitment, donor dependency and fundraising efficiency. The NonProfit Times, in its November 1, 2006 edition, reported that BBF has the lowest combined administration and fundraising costs of the 100 largest charities in the United States. The Chronicle of Philanthropy, in its November 2006 issue, ranked BBF as the 9th largest international charity and 42nd largest charity overall in the United States.

The mission of Brother’s Brother Foundation is to promote international health and education through the efficient and effective distribution and provision of donated medical, educational, agricultural and other resources. All BBF programs are designed to fulfill its mission by connecting people’s resources with people’s needs.
BBF Inventory Coordinator, Terri Webb, traveled to Peru from February 23 to March 3, 2006 visiting with the Chimbote Mission, which is supported by the Catholic Diocese of Pittsburgh. Ms. Webb also visited with BBF’s B’nai B’rith colleagues in Peru. BBF has a history of working in Chimbote that goes back over 35 years. In September 2005, BBF sent a donation of medical supplies and equipment that included Lorabid, a children’s antibiotic valued at $424,573. The hospital in Chimbote, sponsored by the Catholic Diocese of Pittsburgh has a maternity center, educational programming and family planning, clinical laboratory, outpatient clinic, pediatric services and pharmacy plus a large program for home visits. In Lima, Terri visited three hospitals for mental health, all of which received a portion of BBF’s December 2005 donation of Pexeva, valued at $3,302,172. Shipping of this donation was paid for by BBF’s partner, Food for the Poor. During Terri’s trip, she was a participant in a special ceremony conducted by Dr. Pilarmazzetti, Minister of Health of Peru, who acknowledged BBF’s donations and expressed a wish for further partnerships.

Mission Trips

Every year, BBF supports many physicians who take it upon themselves to travel outside of the country and donate their time and expertise to the underserved of the world. In 2006, BBF supported 50 of these “mission trips” with goods valued at over $1,070,000. The countries that benefitted were Belize, Burma, Cambodia, China, Cuba, Dominican Republic, El Salvador, Ghana, Guatemala, Haiti, Honduras, India, Kenya, Mexico, Nicaragua, Nigeria, Panama, Paraguay, Peru, Philippines, Republic of Georgia, Senegal, Uganda and Vietnam.

Medical Program Statistics

Number of Containers Sent - 77
Pounds of Goods Sent - 822,004
Total Value of Donations - $189,721,560
Bottle Count - 1,797,413

Top Five Medical Donors of 2006:
Andrx Pharmaceuticals, Inc.
Apotex Inc.
Catholic Medical Missions Board
Mylan Pharmaceuticals, Inc.
Watson Pharmaceuticals, Inc.

Countries that received donations:
Argentina, Armenia, Belarus, Belize, Burma, Cambodia, China, Colombia, Cuba, Dominican Republic, El Salvador, Georgia, Ghana, Grenada, Guatemala, Guyana, Haiti, Honduras, India, Jamaica, Kenya, Kyrgyzstan, Lebanon, Nicaragua, Nigeria, Panama, Paraguay, Peru, Philippines, Poland, Romania, Senegal, Syria, Uganda, USA and Vietnam
BBF staff members Carol Taylor, Education Coordinator, and Christa Moore, Special Projects Coordinator, were in the Philippines from February 28 to March 11, 2006 visiting in connection with the BBF and Rotary education program and working with USAID colleague organizations. Ms. Taylor and Ms. Moore presented funds to a representative of Rotary International for work related to the recent deadly mudslides in the Philippines. BBF has a three-year commitment working with USAID to send books to the Mindanao area of the Philippines to help provide educational opportunities in this primarily poor Muslim area. This program, called EQuALLS, has BBF and partner non-governmental organizations (NGOs) making a difference in the lives of many in the Mindanao area. During their stay, Carol and Christa were able to visit 14 schools. They reported that it was wonderful to see just what happens to the books donated to BBF once they leave the United States, are warehoused with the help of Rotary in Manila and then distributed all over the Philippines. BBF sent 31 tractor-trailer loads of books to the Philippines in 2006, a total of 686,987 volumes with a value of over $11 million. Most of the schools that Carol and Christa visited are in remote areas. The trip to these areas was made more difficult by unexpected rains that turned unpaved roads into gullies and muddy swimming pools. Some of the schools have the support of their community and are bright and cheerful with enrichment materials and activities for the children. These schools often had a playground and a library. Other schools unfortunately had a bare minimum of materials. Carol and Christa reported that their trip to the Philippines was a wonderful experience, noting that the country is beautiful and the people everywhere were warm and friendly. Their hosts did a wonderful job of seeing that they were able to see just how BBF’s books are used in a variety of situations.

**Countries that received donations:**
Albania, Cambodia, Chile, Costa Rica, Dominican Republic, El Salvador, Ethiopia, Georgia, Ghana, Guatemala, Haiti, Iraq, Jamaica, Jordan, Kenya, Laos, Lebanon, Malawi, Mexico, Nepal, Nicaragua, Palestine, Philippines, Sierra Leone, South Africa, Tanzania, Thailand, Uganda, USA and Zambia

BBF Receives Recognition for Efficiency

The Better Business Bureau in November 2006, noted BBF’s efficiency and gave BBF its “Wise Giving Alliance Standards” seal of approval. BBF was noted as an approved BBB charity in the New York Times newspaper on November 13, 2006. The NonProfit Times, in its November 1, 2006 edition, reported that Brother’s Brother Foundation had the lowest combined administration and fundraising costs of the 100 largest charities in the United States. The Chronicle of Philanthropy, in its November 2006 issue, ranked BBF as the 9th largest international charity and 42nd largest charity overall in the United States.

BBF President Luke Hingson Accepts Award from President of Pakistan

Brother’s Brother Foundation was honored on September 21 by Pakistan President General Pervez Musharraf, with the Sitara-e-Eisaar (Star of Sacrifice) award. The award ceremony, held at the Pakistan Embassy in Washington, D.C., acknowledged BBF’s efficient and effective relief efforts following the earthquake that devastated Pakistan over a year ago, leaving over three million people in need of medical aid, shelter, food and water. BBF President Luke L. Hingson accepted the award, with BBF Chair John Tymitz also in attendance. In the weeks following the 7.6 magnitude earthquake, BBF sent two air shipments of requested pharmaceuticals and medical supplies to Pakistan. These requested donations were sent in cooperation with Life for Relief & Development, Operation USA and Islamic Relief. Shipped were pediatric and adult antibiotics and cardiac medications with a total value over $5,000,000. Other organizations present to receive the award were American Red Cross - International Response Fund, International Rescue Committee, Mercy Corps, Save the Children, Eli Lilly and Company, Parke Davis, Pepsi Co., The Coca Cola Company, Pfizer Inc., United Parcel Services, Adventist Department and Relief Agency International, Americares, Care USA, Catholic Relief Services, Doctors Without Borders, Hidaya Foundation, Islamic Relief USA and World Vision.

BBF Reaches Two Billion Dollar Mark in Donations Sent

In 2006, BBF celebrated its achievement of having distributed, since its inception, two billion dollars ($2,000,000,000) in requested donated medical supplies, medical equipment, pharmaceuticals, books, educational supplies, seeds, food, humanitarian supplies and equipment totaling over 80,000 tons. These materials, if loaded into tractor trailers and lined end-to-end, represent fifty-five miles of assistance. “Thanks to our supporters, Trustees, staff and overseas partners, the requested assistance was received by people in over 120 countries. Together we have made big, positive, life saving and enhancing differences for millions of individuals,” said Luke Hingson, President of Brother’s Brother Foundation. “Contributors who live in the southwestern Pennsylvania area will understand that this represents a line of parked trucks from Monroeville through downtown Pittsburgh, around the Pittsburgh International Airport and back into downtown Pittsburgh,” said Mr. Hingson.

South Hills Movers has an over 30-year history of supporting the work of Brother’s Brother Foundation. It truly is a partner, helping BBF connect people’s resources with people’s needs. In 2006, South Hills Movers arranged and moved the donation of $4.28 million in surgical instruments that BBF is distributing. BBF President, Luke Hingson said recently, “I can always count on South Hills Movers to help us out no matter what needs to be moved or wherever it needs to go.”
BBF thanks the Trustees and many individuals, staff and friends who attended BBF’s donor recognition events on the evenings of September 7 and 8, 2006. Special recognition was given to the McCormick family for the outstanding support given to Brother’s Brother Foundation over many years. A dedication of the pharmaceutical room at BBF’s warehouse in the memory of Alice Joy McCormick was the highlight of the activities. Many thanks to all who attended these celebrations. BBF’s donors can be sure that their contributions are greatly appreciated around the world. With the support of our donors, BBF is more efficient and effective at “Connecting People’s Resources with People’s Needs.”

From top left: Vice Chair Roy Dorrance, Seth Bekoe, M.D., Frank Nowak, Jose Ravano, M.D., Chester Hobert, Jr., Stanley Cohen, William Sante, II, Christina Michelmore, Austin Henry and Carolyn Ellis, M.D. From bottom left: Medical Director Charles Haeussner, M.D., Treasurer Joseph Senko, Hugh McCormick and Andrew Uram.

Mrs. Mahendra Mehta Visits BBF

Ratna Nidhi Charitable Trust is led by Mr. Mahendra Mehta who reported to BBF’s Trustees and staff on April 29, 2006 regarding the status of his tsunami work. He enthusiastically described the Trust as being “committed to the welfare of persons from the most underprivileged strata of society without distinction of caste, creed or color. Its emphasis is on assisting the children and youth who are the citizens of tomorrow as well as the disabled, who need a support to join mainstream society.” With the help of BBF, which contributed $344,800 to fund mobile orthopedic clinics in India, over 4,000 tsunami survivors like Satish T. have new independence.

Satish T. is a 14 year old boy who does not live near the sea and does not belong to a family of fishermen like most of the tsunami victims. He is a resident of Guntur in India and since schools were closed for winter vacation, he had gone to a coastal village to his uncle and cousin’s house. The killer waves of December 26, 2004 left no trace of his uncle’s family and their sea-side home but Satish was saved. He was dragged by the waves but, with sheer grit and determination, he thrust his leg into a crevice among the rocks and held on for his life. By the time Satish was pulled out it was too late to save his limb. His father came to know of the BBF-supported clinic at the NRI Hospital in Guntur and Satish was one of its first patients. He was eager to pursue the opportunity to regain his mobility. With an artificial limb provided by the BBF funded clinic, Satish now goes to school on his own and in the middle of 2006 was practicing on a bicycle in an effort to be able to ride independently.
Memorial

BBF Remembers Elizabeth Capell

On October 16, 2006, Elizabeth Y. Capell, Administrative Secretary from 1977 - 1993 for Brother’s Brother Foundation passed away. The work of Mrs. Capell was highlighted during a memorial service where BBF President Luke Hingson recalled her accomplishments and noted that she treasured each life that the mission of BBF touched. “Elizabeth was a creative light at BBF, always trying to personalize our efforts with each donor,” said Mr. Hingson. During the memorial service, Mrs. Capell’s son-in-law noted that her work at BBF was her “dream job.”

BBF Remembers Robert Carroll

It is with great sadness that we announce the passing of Assistant Executive Director of the Connecticut Association of Schools, Dr. Robert Carroll. Bob passed away in May 2006 due to complications from an infection. As many who knew him were aware, Bob had been fighting, and winning, a battle with Aplastic Anemia for many years. His indomitable spirit and irrepressible optimism kept him alive far longer than any of his doctors had predicted. This is a devastating loss to the staff of Connecticut Association of Schools and to the thousands of students, colleagues and friends whose lives he deeply touched. We in the BBF office are so very grateful for the time that we had with Bob that enriched the lives of so many around the world. Some 300,000 students in the Connecticut Association of Schools participated with Dr. Carroll and Brother’s Brother to make a new school in Sri Lanka a reality.

BBF Remembers Adolfo Cheistwer

Adolfo Cheistwer, BBF Trustee, peacefully passed away at the age of 72 on January 12, 2006, with his wife and children by his side. Born in Buenos Aires, Argentina, moving to Israel and then to the U.S. in 1965, Adolfo dedicated his career to social services and the world Jewish community. Working for Jewish Community Centers (J.C.C.) throughout the U.S., Adolfo retired as Executive Director of the Louisville J.C.C. Most recently, he continued his service to the world community through dedicating his time as a Board member of Brother’s Brother Foundation for four years. Adolfo made many trips to Argentina in conjunction with B’nai B’rith to develop the relationships needed to distribute requested donations from BBF to the many in need. Twenty-four sea and air shipments with a value of $38.7 million, including 304,000 bottles of antibiotics, heart and other medication, have been sent to Argentina directly related to Adolfo’s fine work. He will be greatly missed.
History of BBF

Brother’s Brother Foundation began in 1958 as a dream of a few to help the many around the world who lack good healthcare, education and nutrition. From the beginning, its founder and leading spirit, Robert A. Hingson, M.D., urged that BBF’s resources be shared with local counterpart organizations in developing countries who shared the common desire to help those in need. In the following 48 years BBF has helped people in over 120 countries, working through and in partnership with local agencies that want to help their own people. Included in this partnership are local government institutions, hospitals, universities, religious organizations, rotary clubs, professional societies and many others.

Together with partners in the United States and other countries, we have provided over $2 billion in goods and services, that includes 80,843 tons of medical supplies, text books, seeds and food that have touched tens of millions with better healthcare, education, nutrition, material security and hope. It has been an odyssey of love shared by many thousands of supporters (individuals; foundations; corporations; civic, social and religious organizations; the U.S. government; etc.) with the doctors, teachers, builders, truckers and warehouse laborers (paid and volunteer) who have carefully distributed the donations BBF has made to those who could use them most. A gift to Brother’s Brother is never singular. It is always multiplied by gifts from individuals, corporations, faith groups, rotary clubs, ethnic associations and campaigns such as the Combined Federal Campaign, local United Ways and by government grants. Donations are managed by BBF staff, with oversight provided by the Board of Trustees, all of whom work hard to keep our administration and operating costs below 1% of the value of received donations.

BBF Staff

President
Luke Hingson

Vice President, Development
Karen Dempsey

Vice President, Finance
Bill Davis

Accountant
Gladys Halich

Administrative Assistant
Donna Engelhardt

Educational Program Coordinator
